

## Gîtes de France® Charter for coronavirus precautions

This year, more than ever, your comfort, your health, and your safety are at the top and at the heart of our priorities, Gîtes de France® owners are committed to welcome you in the best health and safety conditions.

### As a Gîtes de France® owner :

- I am the Health and Safety representative for my accommodation.
- I take care of my health and that of my loved ones by respecting all the social distances in all situations in both my personal life and in contact with my guests.
- I agree to place my accommodation in quarantine in case of suspicion of COVID-19 in either guests or my relatives (family, employees, etc ...).
- I take care of my guests by ensuring that the Gîtes de France® health protocol is applied as well as government regulations related to the pandemic.
- I, clean, air and disinfect my accommodation between each rental.
- I provide my guests with the necessary anti-bacterial products for disinfecting the accommodation during their stay.
- I always proceed straight to the reception and the departure of my guests, limiting the time of physical contact strictly necessary whilst preserving **the best sense of hospitality according to our Gîtes de France® network.**
- I adapt the services (guest tables, use of the spa / swimming pool, etc.) that I offer according to the health requirements and in accordance with government guidelines.
- **I share with my guests all the information and knowledge I have on shops, local producers and nearby tourist spots that are committed to the same high standards of health measures as myself.**

This charter may be adapted according to government decisions made regarding the Coronavirus. Today, it is the priority of the Gîtes de France network, and commits its members to respect the rules of public authorities as well as specific hygiene measures in matters of pandemic linked to Coronavirus,
